Women's Bible Study
John 4: 43 – 5: 15

1. Look at the two men in this passage who received healing from Jesus. Compare and contrast their encounters with him.

2. Now study their responses to Christ and to those around them *after* the encounters. What do they do? How have the encounters with Christ changed (or not changed) their lives?

3. What about God's character is revealed in the story of the invalid?

4. In what ways can you relate to the invalid? What encouragement does this scripture give to you about those areas of your life?

5. These accounts show us that God knows the length and severity of our sufferings. Take some time to reflect on what your heart believes about this truth. Ask the Spirit to show you where God has healed you and where He may be at work in healing you now. Consider sharing with your group how they can pray for you.
